SEHATAK

Your gateway to a healthy
and balanced life

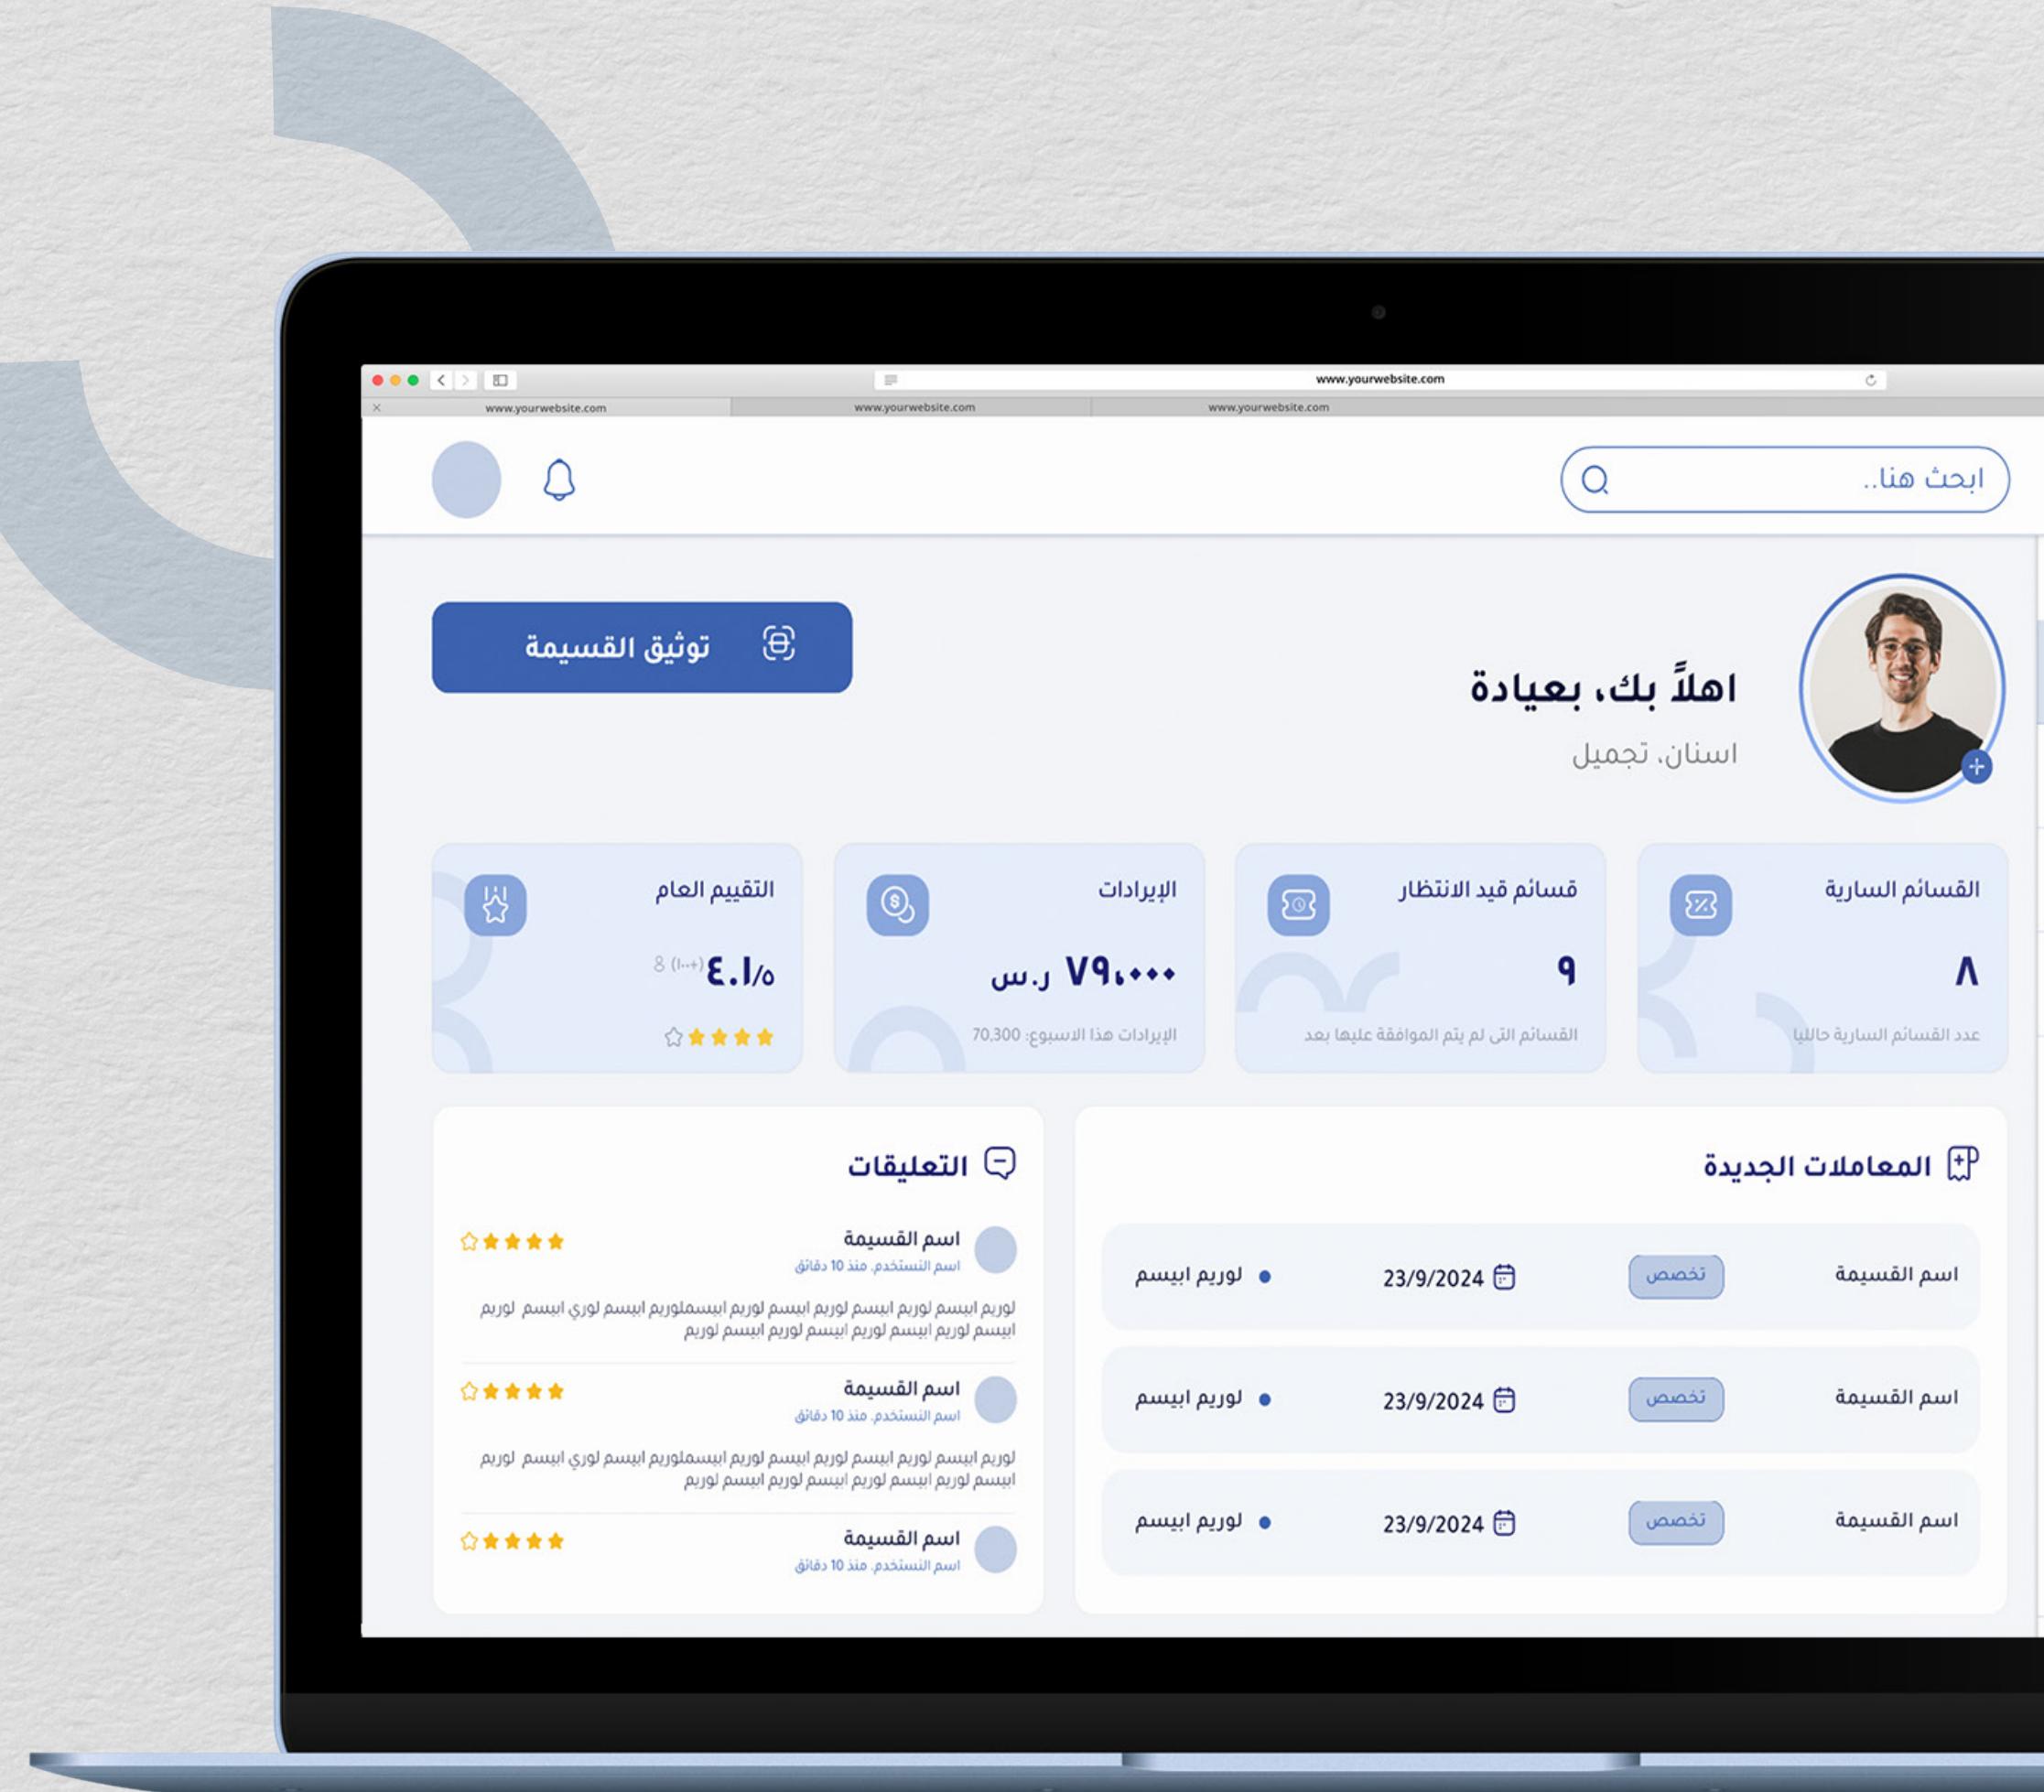

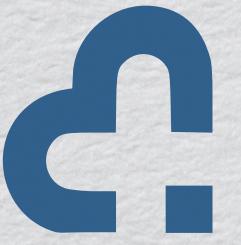

ABOUT US

Sehatak is an innovative electronic platform specialized in providing health services in an easy and convenient way. We believe that health is one of our most important assets and strive to facilitate and improve the healthcare experience for all.

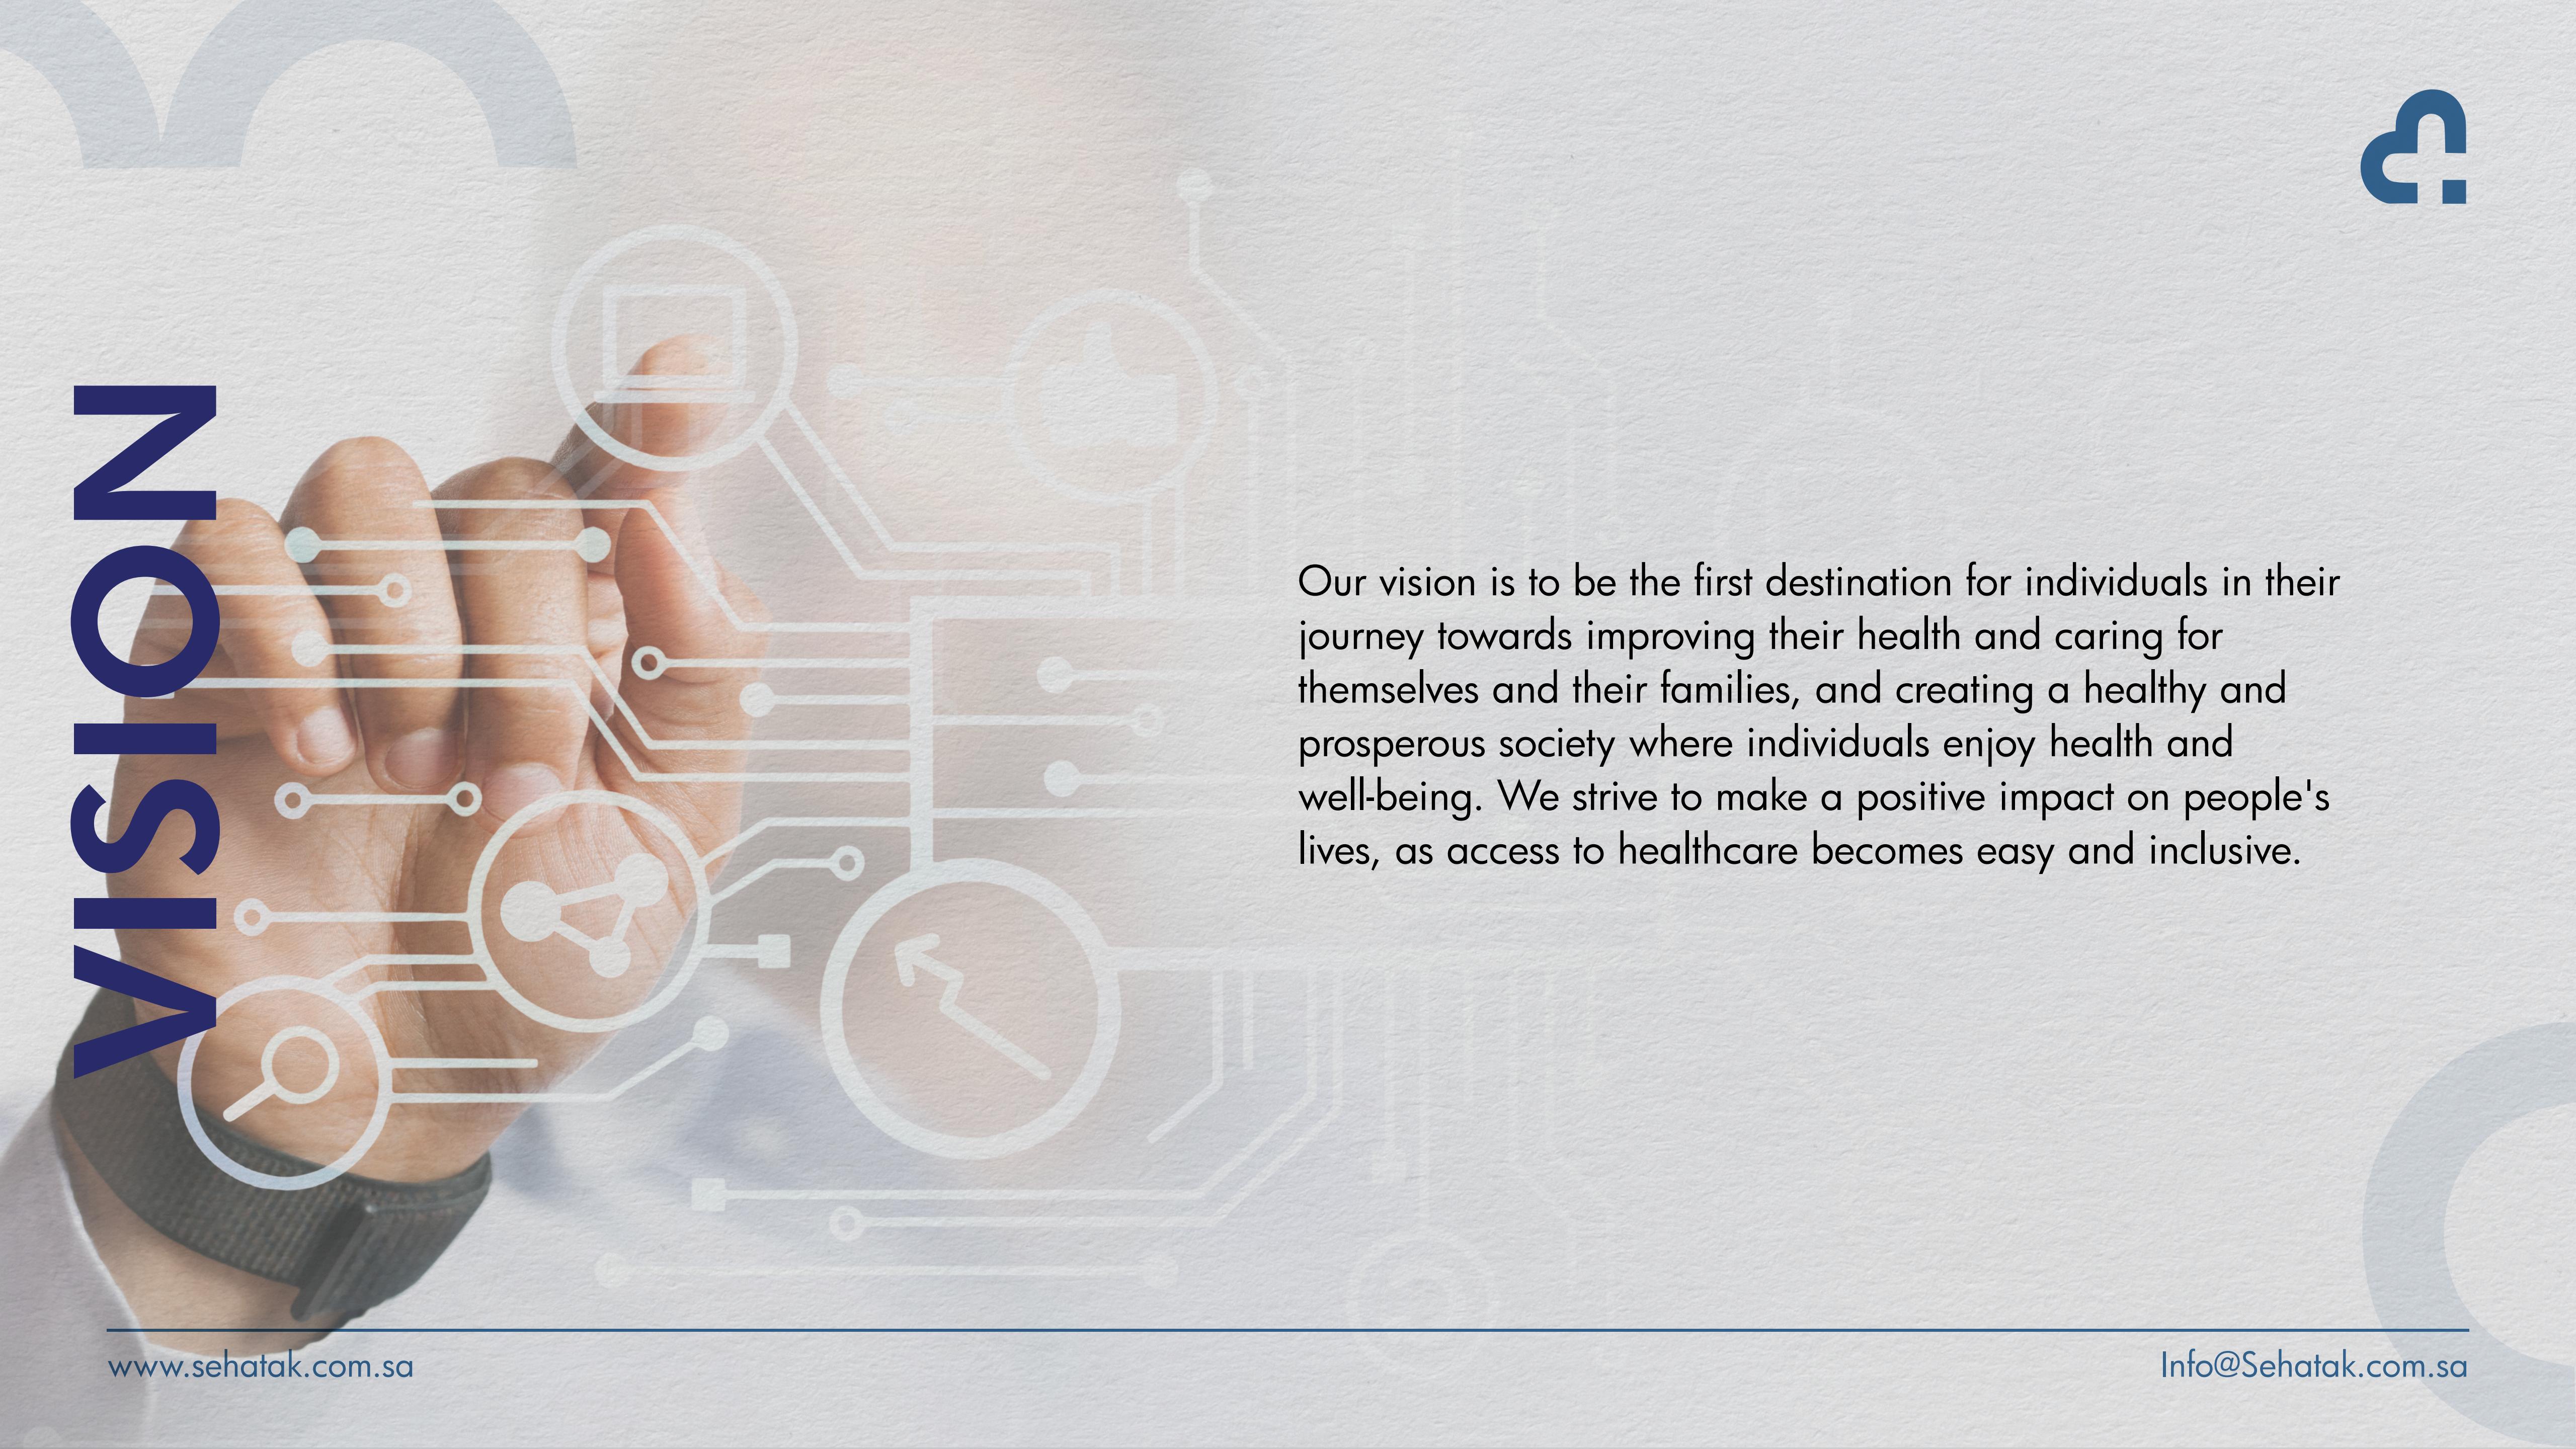

Our platform gives health providers the opportunity to reach customers and offer their services in an easy and efficient way. We collaborate with an extensive network of qualified and trusted providers in various health fields.

Through our app, beneficiaries can access a variety of health services and medical products easily and quickly. They can purchase the requested services directly from the app and choose the offers that suit their needs and budget. We strive to provide comprehensive and transparent information about services and prices, so that users can compare offers and make an informed decision.

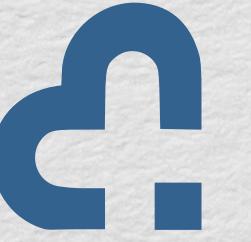

VISION

Our vision is to be the first destination for individuals in their journey towards improving their health and caring for themselves and their families, and creating a healthy and prosperous society where individuals enjoy health and well-being. We strive to make a positive impact on people's lives, as access to healthcare becomes easy and inclusive.

WHY US

Choose sehatak platform because

1

We believe that health is the most important asset of human and forms the core of his happiness and well-being.

2

We pursue our vision of making healthcare more accessible and easy to all.

3

We facilitate research and access to trusted health providers.

4

We rely on modern technology to ensure the security and confidentiality of personal information and financial transactions.

5

We provide a comprehensive information on providers and previous user ratings.

GOALS

1

Provide comprehensive health care

We aim to provide comprehensive and integrated health care to individuals. We strive to ensure that you have access to the necessary and appropriate health services at any time and from anywhere.

2

Promoting health awareness

We believe that health awareness is key to making informed health decisions. And we would like you to have the necessary knowledge to maintain your health and make the right decisions about your health care.

GOALS

3

Service excellence

We strive to provide exceptional service to users. We take care of your individual needs and provide personalized and customized care. We strive for the highest quality and satisfaction, and we listen to your feedback to continuously improve our services.

5

Empowering Patients and Improving the Healthy Experience

We seek to empower patients and enhance their role in their health care. We aim to provide transparent and accessible information, empower patients to participate in decisions about their health and have a personalized and comfortable health experience

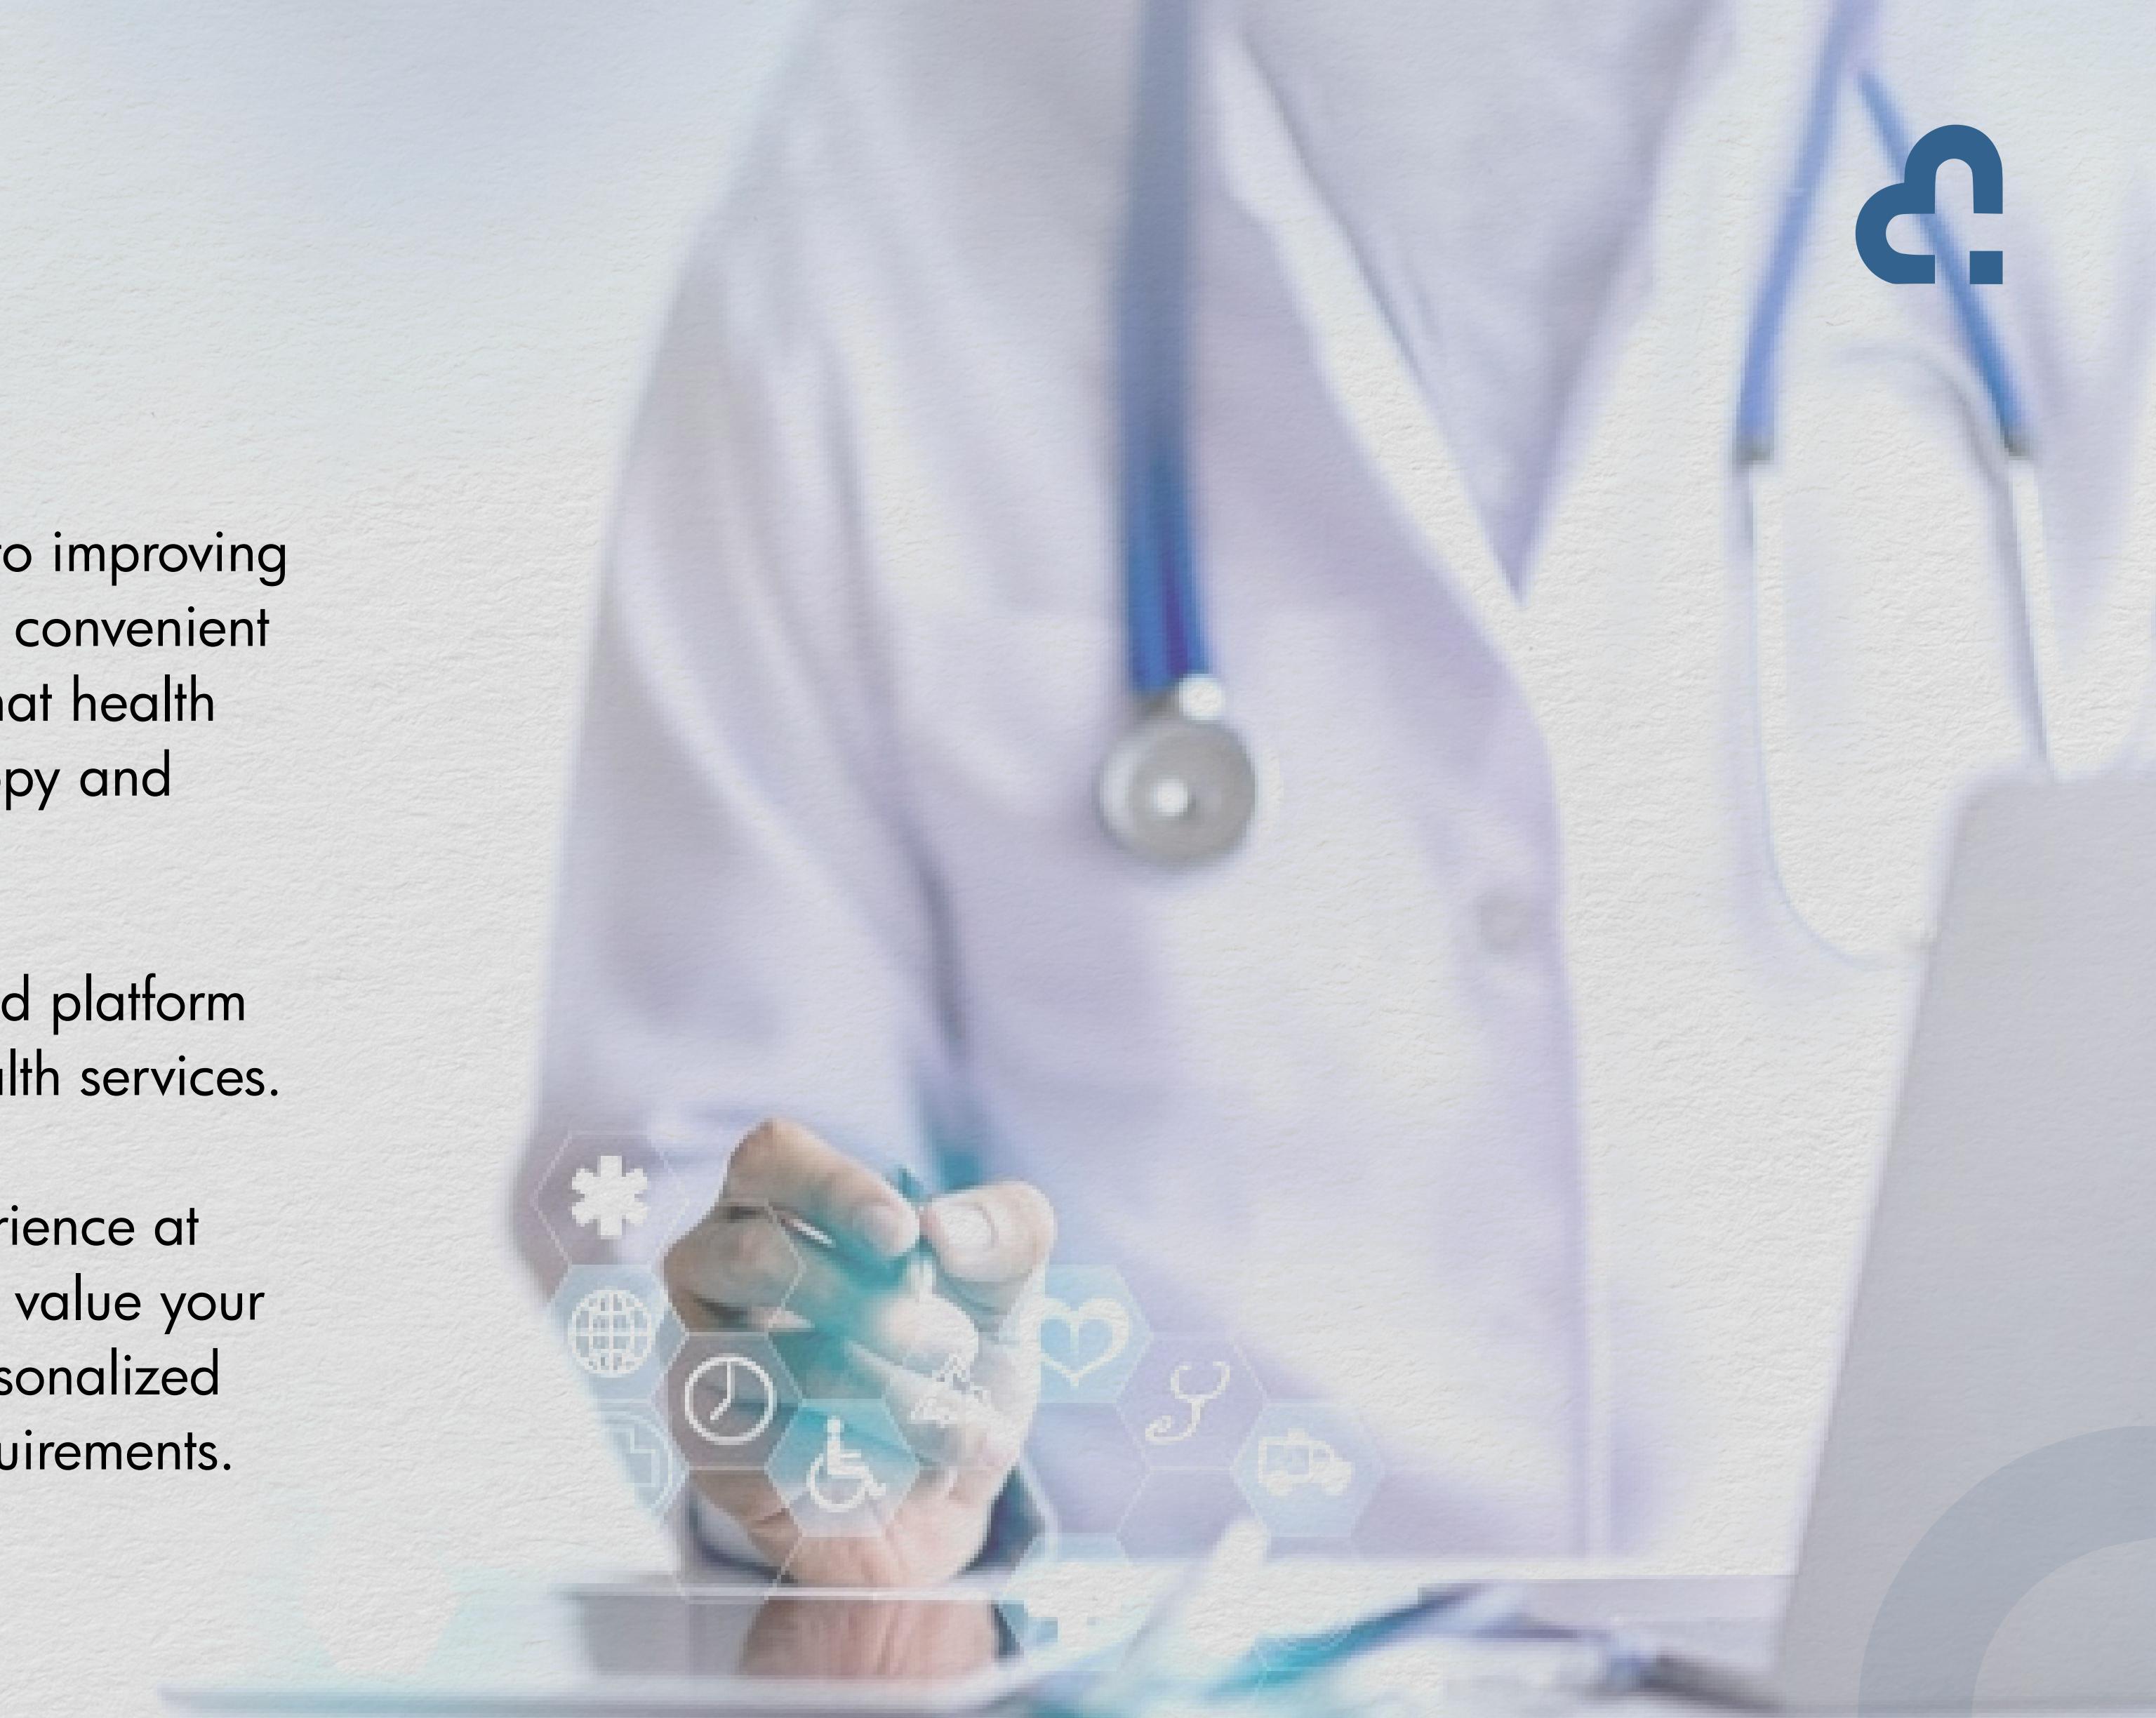

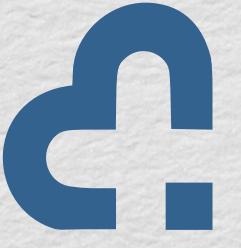

MISSION

At Sehatak Company we are committed to improving people's lives by providing a holistic and convenient health services experience. We believe that health and wellness are the foundation of a happy and productive life.

We offer you an advanced and integrated platform that allows you to access a variety of health services.

We ensure a seamless and reliable experience at every stage of your wellness journey. We value your individual needs and strive to provide personalized care that suits your health needs and requirements.

PHILOSOPHY

Our philosophy at Sehatak Company is grounded in the strong belief that health is an individual's most important asset. Our philosophy is based on the principles of compassion and solidarity. We recognize that health is a personal experience that is unique to each individual, and we strive to provide a virtual community that encourages communication and the positive exchange of experiences and information. We believe that continuous learning and continuous improvement can help us better meet users' needs and deliver more effective health services.
